ASTIGMATISM.

What It Is, and How Corrected.

Astigmatism or Irregular Vision is one of the most common of all the refractive errors. It is due to the irregular curvature of the film known as the Cornea. Of course no instrument is sufficient to cure it, but in the hands of a thoroughly efficient and competent Eye specialist the ophthalmometer reveals the exact condition of the eye in a way that nothing else can. If your eyes need attention have DR. J. T. JOHNSON to put them under this wonderful instrument. Office hours 8:30 to 12:30 2 to 6. 302½ S. Elm St.

## TERRIFIED THE BY-STANDERS.

**Cylinder Head Blows Out and Causes a General Stampede.**

When train No. 7, the southbound local passenger pulled into the Southern station at 6:35 o'clock last evening there were perhaps two hundred people gathered around that ancient structure awaiting the arrival of the different trains due at about that hour. After the engine had taken a drink the engineer turned the steam into the chests to pull up to the station proper to take on passengers. Immediately there was a loud report and pieces of iron were flying in the air. A cylinder head had blown out, making a noise that was heard for blocks away and that freightened the bystanders out of their wits. Mr. Wallace Watson, one of the clerical force at the freight depot, was passing by and was hit on the cheek and head by a piece of the flying iron.

The danger over, the people crowded around the crippled locomotive When the steam was again turned into the broken chest there was another report almost as loud as the first and the escaping steam threw sand in every direction. There was a stampede. The people ran over one another getting out of the way and some of the awe-stricken individuals covered an hundred yards in less than a jiffy, several refusing to return.

The engine (No 827) was exchanged. It was repaired last night and pulled the Raleigh train this morning.

Mr. Watson's ear was cut and bled freely and it was at first thought that he was seriously hurt, but when examined by a physician, it was found that he had received only slight flesh wounds. Had it not been for the pilot beam which broke the force of the iron he, and probably several others, would have been seriously injured.

## SAN ISADORE WAS CAPTURED

### By General Lawton's Forces This Morning.

### THE FIGHTING WAS BRISK.

**Losses Were Sustained By the Americans as Well as the Rebels. Driven From the Trenches.**

By Cable to the Telegram

Manila, May 17—General Lawton captured San Isadore this morning. An American expedition left Calumpit at daybreak, marching up the Rio Grande, where it joined Lawton's forces at Arayat. A flotilla of canoes also proceeded up the river. Tinclad army gunboats conveyed both forces. The advance guard of Lawton, under Colonel Summers, took the city. The fighting was brisk and losses were sustained by both forces, but the insurgents were unable to stand before the fierceness of the American attack and were driven from their trenches.

DRIVEN TO THE MOUNTAINS.

Washington, May 17—Otis cables: "Lawton's tact and ability in covering the Bulacan province drives the insurgent troops northward from San Isodore, which was captured this morning. The enemy is now being driven into the mountains. Lawton has encountered constant fighting inflicting heavy losses and suffering upon the insurgents with but few casualties to his own men. His troops are on the flanks of the enemy and at every strategic point, and the rebels are demoralized, having no opportunity to reconcentrate their scattered forces. Cobbe's column, accompanied with gunboats, is proceeding up the Rio Grande."

## TWO YOUNG DEVILS

**Try to Roast Another Small Boy at Brooklyn.**

By Wire to the Telegram.

Brooklyn, N. Y, May 17—An attempt was made today to burn a boy at the stake by two ten-year-old lads. The little fellow's shrieks were heard at the foot of Remsen street, and a Miss Jackson, rushing to a window, saw a little boy's knee trousers, shoes and stockings lying upon the sidewalk while he was bound to an iron fence, while as high as his knees were piled blazing paper and kindling wood, the flames spurting over his body. In front of him stood two boys, oblivious of his cries of pain, enjoying his plight. Miss Jackson ran to the rescue and the boys fled. A few rapid strokes set the young victim free.

## THE IMPRISONED BRTITISH.

**They Were Acting Upon Instructions Received From the Queen.**

By Cable to The Telegram.

London, May 17—A cablegram has been received from the British consul in the Transvaal in regard to the Englishmen arrested. Three Englishmen attempted an enrollment of troops to create a revolution in order to seize Johamesburg fort and hold it until the arrival of British troops. One of the prisoners alleges he was acting under instructions from the British war department.

ARRESTS CONFIRMED

London, May 17—Official dispatches confirm the arrests but say the prisoners are not British officers, as reported.

## THE GALLOWS MAY BE CHEATED

**Imprisoned Murderer Tries to Suicide With a Needle.**

By Wire to The Telegram.

Camden, N. J., May 17—The prick of a needle may cheat the gallows of the life of Edward Oswald, the self-confessed murderer of his own wife and child. He is now hovering between life and death with four minute wounds in his left breast inflicted by himself with a needle borrowed from a fellow prisoner. The county physicians fears the left ventricle of his heart is punctured.

## LET EVERYBODY COME

**To the Mass Meeting at Court House Tomorrow Night.**

The coming Fireman's Tournament and Gala Week should now become the absorbing topic among our business men and citizens generally. Those who have the matter in charge desire a large attendance at the mass meeting in the court house tomorrow night at 8 o'clock. A number of our business and professional men are expected to make short talks in the interest of this movement.

The members of the fire department will attend in a body and Capt. James D. McNeill, of Fayetteville, president of the State Firemen's Association, will be present and address the mass meeting. The interests which the firemen represent is a favorite theme with him and something good may be expected. Every feature of the tournament and industrial exhibit should lie close to the heart of every citizen of Greensboro, as well as the surrounding country, and it is time now to warm up to the work before us. Let everybody come. It is the duty of every citizen to take an individual interest in the occasion, and talk and work for it to the end that the promise may be fulfilled to make it the greatest thing of the kind ever seen in the state.

## MARRIAGE AT MT. AIRY.

**Mr. E. H. Kochtitzky and Miss Mary Alice Sparger the Happy Couple.**

Mr. E. A. Kochtitzky and Miss Mary Alice Sparger were united in the holy bonds of matrimony at Mount Airy this morning at 8 o'clock. Gilmer, of Greensboro.

The happy social event was solemnized in the Central Methodist church of Mt. Airy, which was beautifully and elaborately decorated.

The beautiful and highly accomplished young bride, Miss Sparger, is well known in Greensboro and is a most charming young lady.

The happy couple passed through the city at noon en route to northern cities.

## COLORED BOY DROWNED.

**Met Death in North Buffalo Creek This Afternoon.**

A colored boy named Williams was drowned about 1 o'clock today, while bathing in North Buffalo Creek, just beyond the city limits. He was 10 years old and the son of Alice Williams, an industrious colored woman who cooks in town.

A white boy who saw the drowning says that Williams and his elder brother came to the bathing hole near the new county bridge and that the younger Williams undressed and jumped in. He was drowned almost immediately, having been, it seems, unable to swim at all. The water at that place is said to be about eight feet deep and Williams, having bathed there frequently, must have known it.

The body was recovered soon after the drowning and the dead boy taken to the home of his mother near Merrimon's factory.

## N. C. PENSION APPOINTMENTS

### Selections To Be Made By Pritchard, Linney and White.

### POSTMASTERS MUST BE CAREFUL

**About Absenting Themselves From Their Duties to Attend Political Meetings, Etc.**

Special to the Telegram.

Washington, D. C., May 17—At the Census office it was stated yesterday that no definite conclusion has been reached relative to North Carolina supervisors of Census. It is thought that several democrats will be given positions, and it is possible that as many as four appointments may be given them. If this is decided upon the appointees will not be, it is said, men who have been prominent in democratic circles of the state, but will be those who are the least obnoxious to the republican leaders. The republican supervisors will be selected by Senator Pritchard, and by Congressmen Linney and White, and it is probable, if democrats are appointed, they will also have considerable to say in their selection as well. An effort has been made to get Director Merriam to recognize Senator Butler's recommendations in the matter of the selection of the supervisors to be given the minority, but this will not be done.

In regard to the appointment of supervisors in the state of Virginia, the leaders say that nothing has been done of a definite nature towards selecting the districts to be given the minority. The matter has been talked over among the leaders informally

Senator Deboe, of Kentucky, accompanied by a large delegation from his state, is here for the purpose of opposing a division of census appointments in his state. The senator says that there is no reason why republicans should not be selected as supervisors in all of the districts in Kentucky, which he claims as a sure republican state. Senator Lindsay, he says, does not represent the dominant faction of the democracy in Kentucky and therefore does not come within the rule adopted by Director Merriam, to divide the appointments in the states where there is one democratic senator. The delegation will remain in the city until the return of the president, for the purpose of making a protest to him direct.

On account of large numbers of complaints which have been received at the postoffice department about postmasters absenting themselves from their offices, the postmaster general has called the attention of postmasters at all offices to an old departmental rule, requiring postmasters who wish to absent themselves from their offices for more than two days, first applying to the department here. The regulation has long been practically dead, but it is now said will be enforced with vigor, and any postmaster failing to obey same will be in danger of official decapitation. The new order will be somewhat of a hindrance to postmasters who have been in the habit of attending county, district and state conventions and other political gatherings as they will be obliged to apply to the department for leave and to state their reasons for desiring to absent themselves. There is a rule in the department which prevents postmasters from attending political gatherings for the purpose of taking an active part. This, too, has long been a dead letter. A number of postmasters, too, are in the habit of taking long vacations from their offices during the summer months, but now they will have to make application to the department, and the result will be that a number of them will be obliged to cut their vacations somewhat shorter than they have usually done.

Senator Daniel has returned to his home at Lynchburg, and will not return to Washington for about one month. It is reported that Senator Daniel's son, who is in the army, may leave the army for the purpose of resuming his studies at college. The Senator before leaving Washington said that his son had not fully determined upon his future course.

The North Carolina experiment station reports that the flat pea, on which the department has been experimenting for some time, requires three or more years to secure a stand, and then it is of no practical value for North Carolina. The report says: "The flat pea we place next to the sachaline as the most loudly trumpeted swindle perpetrated upon the long suffering public in recent years."

Special service in North Carolina at Merchants, Gates county, from Gatesville, has been discontinued.

Star service from Atkinson to Kelly, North Carolina, has been discontinued.

Postmasters in North Carolina have been commissioned as follows: Hardy J. Ryan, Biddeville; Joseph W. Calloway, Obids and Thomas B. Coley, Patt.

Among North Carolina people in Washington are John W. Albertson, S. A. Banford and wife, George B. Hanna and wife, of Charlotte, and B. Cameron, of Stagville.

His mother sent for his remains which were sent to Greensboro last night and to Hope Mills today. He was beating a ride although he did not look like a bum, as he was a good looking man.

## MOST STARTLING DISCOVERY.

Prof. Joseph R. Howley and Alex. C. Weiner, of the Chicago Clinical School, have made, it is announced in the papers this morning, a discovery which they claim solves the problem of circumventing old age. The alleged possibility of a return of mankind to happy youth is furnished by the despised goat. It is claimed by the scientists that an injection of the whiskered quadruped's lymphatic fluid into the blood of man, does not give an eternal lease on life but by the process one's days are easily doubled. The general theory of the discovery is that if the mineral deposits which accumulate in the bones in the process of life can be replaced with the life cells contained in the lymphatic glands of goats, deterioration of the bones will be prevented and elasticity and youth will be retained in the system much longer. A number of animals and human beings, it is said, have been experimented on in Chicago with good results.

There are some people who should try this new scheme and some who should n't. Even if it should prove a failure as regards the lengthening of one's earthly existence, there are a number who might try it in the hope that some ideas could be borrowed of the goat, or a degree of his acumen obtained. Others of the "Tower of Babel" kind should avoid the scheme, as their climbing inclinations would be dangerously increased. We presume an iron constitution might be easily obtained by causing the goat's diet to consist principally of old plow points, horse shoes, etc, before being ready to be pumped of his youth-giving properties.

While mankind may have found a boon in this wonderful discovery, there are objections—fearful objections—to it, one of which would be that our war secretary might be tempted to try it.

At any rate we shall watch the experiments with deepest interest.

The telephone business is becoming to be a most important industry. The little wires are bringing the cities of North Carolina into closer companionship, and the day is not far distant when one may sit in his dwelling or his business office and converse at pleasure with friends in every prominent town in the country.

The Raleigh News and Observer says:

The Inter-State Telephone people here expect that in sixty days the long distance line between Wilmington and and Goldsboro will be completed. A large force of hands is now at work. When the Wilmington-Goldsboro line is completed Raleigh will be able to talk with Goldsboro, Wilmington, Rocky Mount, Tarboro, Wilson, Dunn, Henderson, Greensboro, Winston-Salem, Durham, Mocksville, Reidsville, Charlotte, Danville, Va., and other cities. In a short while the line will be extended as far as Greenville, S. C.

At present the Inter-State trunk line is being constructed between Winston, Durham and Haw River. It has already been finished from Winston to Haw River and the construction force is now building between Haw River and Durham. The line is already in operation between Durham, Raleigh and Goldsboro.

---

The special state edition of the Raleigh News and Observer is to be a stupendous affair. Already eighty pages of the gigantic number have been put to press, and still the work goes unceasingly on. If our esteemed and enterprising contemporary is correct in its boast that this forthcoming edition will be the largest and the handsomest ever issued by any newspaper in the world, then we shall look for its appearance with open-mouthed expectation. The advertising the scheme will give to the resources of North Carolina cannot be estimated.

---

In the squabble over a division of China, an armed clash betwixt England and Russia may occur. Such would be a dire event.

Mr. President McKinley has decided to not call an extra session of congress. The old fellow has already on his hands many and irrepressible ills and he is loath to fly to others that he knows of.

## PREPARING FOR THE CRUISE.

### Most of the Naval Reserves Will Sail in the Prairie Next Week.

Wilmington, May 16—News from points in the state where divisions of the naval brigade are located show that the Tar Heel jackies are rapidly preparing for their annual cruise, which is to commence next Monday and last for eight days. So far, Captain Morton has been notified that Kinston, Newbern and Elizabeth City divisions, and a part of Mount Olive division, will go on the cruise. The reserves will mobilize in Wilmington and then move to Southport, where the embarkation will take place. The first day of the cruise, which will be next Tuesday, will be given up to berthing and stationing the men on board the Prairie. The next day the ship will be put to sea, remaining there the rest of the time allotted for the cruise. The officers will be instructed in navigation and the use of a fighting vessel, and the men will be drilled in man-of-war manoeuvres and actual target practice.

The Wilmington division will not go, neither is it likely that Captain Morton will, as he was compelled to leave the city for Florida this afternoon.

### The White Rose.

I said to the rose: "Oh, Rose! Sweet Rose!
Will you lie on my heart tonight,
Will you nestle there, with your perfume rare,
And your petals pure and white?"

I said to the rose: "Oh, Rose! Sweet Rose!
Will you thrill to my every sigh,
Tho' your life exhale in the morning pale,
And you wither and fade and die?"

I said to the rose: "Oh, Rose! Sweet Rose!
Will you throb with my every breath,
Will you give me the bliss of a passionate kiss,
Albeit the end is death?"

The white rose lifted her stately head
And answered me fair and true:
"I am happy and blest to lie on your breast
For the woman who gave me to you!"

—Written by Senator John M. Thurston, of Nebraska.

If you have piles, CURE them. No use undergoing horrible operations that simply remove the results of the disease without disturbing the disease itself. Place your confidence in DeWitt's Witch Hazel Salve. It has never failed to cure OTHERS. It will not fail to cure YOU. Howard Gardner.

Because he was interfered with while chasing a boy at play, Charles Hausser, of Chicago, Ill., fatally wounded Louis Plume and also shot Albert Flicker.

Pneumonia, la grippe, coughs, colds, croup and whooping-cough readily yield to One Minute Cough Cure. Use this remedy in time and save a doctor's bill—or the undertaker's. Howard Gardner.

It's peculiar that chills and fever stick closer than a brother to a fellow and at the same time give him the shake.

People who have once taken DeWitt's Little Early Risers will never have anything else. They are the "famous little pills" for torpid liver and all irregularities of the system. Howard Gardner.

## A TRUCE EXISTS

### Between the Southern and the Seaboard Air Line.

The announcement that the Southern railway had secured posession of the Sanford-Mt. Airy division of the Atlantic & Yadkin railroad, or, as it was formerly known, the Cape Fear & Yadkin Valley, was a surprise in Baltimore financial circles, says the Sun. This property was bought at a foreclosure sale last December by a syndicate composed of Messrs. Harry Walters, B. F. Newcomer and Michael Jenkins. It was then generally accepted that the whole property would become a part of the Atlantic Coast Line and the development that the western portion of the road was in the hands of the Southern railway was unexpected.

This is, however, now regarded as indicating an understanding between the Southern railway and the Atlantic Coast Line to keep out of each other's territory. With the Sanford-Mt. Airy division, the Atlantic Coast Line would have entered western North Carolina and have been in a position to compete with the Southern. It is now the impression among Baltimore financiers that the delivery of this division to the Southern would probably be followed by the surrender by the Southern to the Atlantic Coast Line of the South Carolina and Georgia Railway, which was recently bought by the Southern. In securing this property the Southern obtained an entrance into Charleston, S. C., and other territory of the Coast Line. Previous to the deal with the Southern the Atlantic and Yadkin Railroad Company deeded to the Wilmington and Weldon Railroad Company, which is one of the Atlantic Coast Line corporations, that portion of its system east of Sanford.

After this the stock of the Atlantic and Yadkin Railroad Company was sold to the Southern Railway Company, thus placing in possession of the latter the control of the remainder of the property. The Wilmington and Weldon Railroad Company pays for the portion it acquired by an issue of $1,800,000 of 4 per cent. fifty year gold bonds, which will be a first mortgage on the property acquired and known as the Wilmington and Weldon Railroad Company Yadkin Division bonds. These bonds are turned over to the syndicate which made the purchase of the old Cape Fear and Yadkin Valley railroad and recognized it as the Atlantic and Yadkin. In payment for the whole property the syndicate gave $3,000,000 and there was active competion at the sale, both from the Southern railway and the Seaboard Air Line.

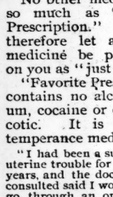
Little, neglected scratches and wounds frequently result in blood-poisoning. Better heal them quickly with DeWitt's Witch Hazel Salve, a thoroughly anti-septic application with a record of always curing piles, old ulcers, sores, cuts, wounds and skin diseases. Howard Gardner.

J. C. Benton, a man of prominence, is under arrest at Bentonville, Ark., charged with killing his fifteen-year-old daughter with an axe.

They are noisy but they are nice. Who would exchange the merry noise of children at play, for the childless home where the clock tick can be heard hour after hour in the dull silence? But there are a great many who would like to people the silent house with the children that fate has refused them. Fate is often in this case only another word for ignorance. Many a glad mother dates her happiness from the day she first began the use of Dr. Pierce's Favorite Prescription. It often happens that with the cure of female weakness and the establishing of the delicate womanly organs in sound health, the way is opened for the joy of motherhood. "Favorite Prescription" is a specific for the chronic ailments peculiar to women. It cures them perfectly and permanently.



No other medicine can do for women so much as "Favorite Prescription." Do not therefore let any other medicine be palmed off on you as "just as good."

"Favorite Prescription" contains no alcohol, opium, cocaine or other narcotic. It is strictly a temperance medicine.

"I had been a sufferer from uterine trouble for about three years, and the doctors that I consulted said I would have to go through an operation before I could give birth to children," writes Mrs. Blanche E. Evans, of Parsons, Luzerne Co., Pa., Box 41. "When about to give up in despair I saw the advertisement of Dr. Pierce's medicine and thought I would give it a trial. I bought a bottle of Dr. Pierce's Favorite Prescription, and after taking it felt better than I had for years. Felt improved before I had taken one-half of the bottle. After taking four and a half bottles I gave birth to a bright baby girl who is now four months old and has not had a day of sickness. She is as bright as can be."

A woman's complexion often suffers because of poisonous accumulations in the system. Dr. Pierce's Pleasant Pellets remove these accumulations and cleanse the complexion. They regulate the stomach, liver and bowels.

WINE OF CARDUI

A LITTLE DOES MUCH.

BOONE, IOWA, Dec. 14.
No tongue can tell what I have endured in the past ten years with my monthly sickness. While suffering untold agony, a friend called and recommended Wine of Cardui. I sent for a bottle, and Oh! what relief. After the first dose I began to feel better and have had no pain since.
MRS. GRACE LAMPHERE.

McELREE'S Wine of Cardui

Wine of Cardui not only cures but it acts AT ONCE. Here is a case of ten years' standing, and yet one single dose made the sufferer feel better, and stopped the pain. The Wine goes straight to the seat of the trouble. It acts directly upon the menstrual and genital organs. Its action is not violent, and it does not force a result. It simply gives Nature that little assistance that the sufferer's system lacks. A single disorder in the feminine organs spreads many disorders all over the body, and when the Wine cures the source, all the other ills vanish as a matter of course. A woman can be her own physician and cure herself at home. Local examinations are largely things of the past—the obnoxious custom is no longer necessary. Wine of Cardui is the only perfectly safe and sure vegetable Wine made to-day for the cure of "female troubles".

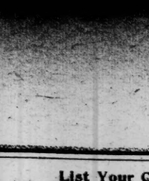
# NEVER TOO OLD TO BE CURED.

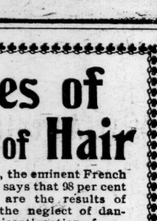
**S. S. S. Is a Great Blessing to Old People. It Gives Them New Blood and Life.**



Age does not necessarily mean feebleness and ill health, and nearly all of the sickness among older people can be avoided. Most elderly people are very susceptible to illness, but it is wholly unnecessary. By keeping their blood pure they can fortify themselves so as to escape three-fourths of the ailments from which they suffer so generally. S. S. S. is the remedy which will keep their systems young, by purifying the blood, thoroughly removing all waste accumulations, and imparting new strength and life to the whole body. It increases the appetite, builds up the energies, and sends new life-giving blood throughout the entire system

Mrs. Sarah Pike, 477 Broadway, South Boston, writes: "I am seventy years old, and had not enjoyed good health for twenty years. I was sick in different ways, and in addition, had Eczema terribly on one of my legs. The doctor said that on account of my age, I would never be well again. I took a dozen bottles of S. S. S. and it cured me completely, and I am happy to say that I feel as well as I ever did in my life."

Mr. J. W. Loving, of Colquitt, Ga., says: "For eighteen years, I suffered tortures from a fiery eruption on my skin. I tried almost every known remedy, but they failed one by one, and I was told that my age, which is sixty six, was against me, and that I could never hope to be well again. I finally took S. S. S., and it cleansed my blood thoroughly, and now I am in perfect health."



**S. S. S. FOR THE BLOOD**

is the only remedy which can build up and strengthen old people, because it is the only one which is guaranteed free from potash, mercury, arsenic and other damaging minerals. It is made from roots and herbs, and has no chemicals whatever in it. S S S. cures the worst cases of Scrofula, Cancer, Eczema, Rheumatism, Tetter, Open Sores, Chronic Ulcers, Boils, or any other disease of the blood.

Books on these diseases will be sent free by Swift Specific Co., Atlanta, Ga.

### Easy to Put on---Easy to Take off

There's "a something" about our clothes to measure that you don't find in others—they slip on easy, they slip off easy—and most important, **they fit.** Let us make your next suit—put it on, walk down street with it, people will look after you and admire it. Tell your friends that you paid only $15 or $20 for it and they won't believe it. Don't seem credible. Tell them it cost anywhere from $25 to $40—they'll believe that, while your pocketbook has at least $10 the best of it. Tell your friends about our famous $3 trousers and our wonderful $15 Serge Suits to order.

The oft-repeated experience of trust-worthy persons may be taken for knowledge. Mr. W.M. Terry says Chamberlain's Cough Remedy gives better satisfaction than any other in the market. He has been in the drug business at Elkton, Ky., for twelve years; has sold hundreds of bottles of this remedy and nearly all other cough medicines manufactured, which shows conclusively that Chamberlain's is the most satisfactory to the people, and is the best. "Watch out!" Our buyer has been in New York and Boston for some time closing out shoe manufacturers, clothing merchants, dry goods stocks, etc, at often less than the cost of making. Going north at this season gives us a decided advantage over others, for all manufacturers are anxious to clean up the stocks on hand before the fall season opens. Few goods piling in every day.
